

## Big Circulation Shown in Record Kept by Library

**1,632 Books Issued to  
Students During  
One Week**

### MONDAY POPULAR

By Gunnar Horn

A total of 1,632 books were issued by the library last week, Miss Inez Chestnut, librarian, announced early this week. A record of books issued by each department of the library was kept for the week October 22 to 28. Miss Chestnut plans to keep a record one week in each month.

Seven hundred and two, the largest number of books issued by one department, were issued by the reserve

#### SUMMARY OF CIRCULATION

Day	Reserve	Freshman	Gen'l
Mon. ....	152	140	102
Tues. ....	131	104	72
Wed. ....	122	88	70
Thur. ....	145	78	63
Fri. ....	152	111	102
Total .....	702	521	409
Grand total: 1,632			

desk. The freshman library issued 521 books. Four hundred and nine books were issued at the general circulation desk.

Monday was the busiest day for all three departments, 152 books being issued.

(Continued on page 3)

## Business Organization Class Hears Speakers

"The boys and girls who are going to put the push in Omaha are the ones who have their careers mapped out," Glenn B. Eastburn, secretary of the Omaha Chamber of Commerce, said in an address before Dr. J. L. Rhodes' business organization class, Tuesday, October 31.

The next twenty-five years of business progress will be devoted to social and economic phases, whereas in the past has been spent developing its mechanical features. To be a leader in the new era one must combine power to mobilize public opinion with the ability to understand organized business, he said.

Eastburn is the second speaker to address the class this year. Dick Green, head of the stock accounting department of the Continental Oil company, Ponca City, Oklahoma, addressed the class Tuesday, October 17th.

## Library Is Augmented By 70 German Books

A group of seventy new German books have been added to the library, Dr. V. Royce West, acting head of the language department, announced Wednesday, November 1.

In the collection are represented such classics as the works of Lessing, Kleist, and Grillparzer, as well as the works of outstanding modern writers, Toma, Hauptmann, Schnitzler, Thomasmann, Hesse, and others.

These books are placed in the library for the use and enjoyment of students in the German department, and for anyone else interested in German literature, Dr. West said. It is hoped that they will create an interest in both classical and contemporary reading, and that they will be extensively used.

## Plan To Organize Scout Fraternity

Plans for forming a local chapter of Alpha Phi Omega, national honorary scout fraternity, will be discussed at a meeting in Room 3 next Monday. All students who are members or former members of the Boy Scouts of America are invited to attend the meeting.

The purpose of the organization is to promote fellowship among students who have a common interest in scout affairs. Scouts may join the organization regardless of their rank.

## Large Armaments Decried By Harris Before Sociologists

### Says Military Expenditures Largest Item In Budget

"Complete disarmament is necessary as a guarantee of peace and as an economic measure in this time of depression," said Dr. Lyman Harris, associate professor of history, in a talk at the meeting of Alpha Kappa Delta, Monday, October 30.

"The cost of armaments is the largest item on the federal budget," he said. "If the money now spent in this way were expended in constructive programs, there would be no unemployment problem."

#### Too Many Military Experts

One of the greatest obstacles to disarmament, Dr. Harris believes, is France's insistence in keeping a large standing army in order to maintain the status quo established by the Versailles Treaty. France still regards Germany as an outcast nation waiting for a chance to destroy civilization. The rise of Hitler's party in Germany is due, Dr. Harris believes, to the overbearing treatment accorded Germany by France.

"Disarmament conferences cannot be effectual as long as the nations are represented by military experts who are more interested in ways of fighting than in ways of maintaining the peace, and as long as there is no legal provision made in the conferences for stopping defensive war, attempts at disarmament are useless," he said.

## Dramatics Students To Present 4 Plays

The Dramatic Department, under the supervision of Mrs. Jean Jarmin, dramatics instructor, will present a play before the Nebraska Writers Guild at the Hotel Fontenelle, November 18.

Four plays, *The Boss*, by Thelma Sealock; *April Eternal*, by Mrs. Leon Smith; *The Valiant*, by Holworthy Hall; and *The Toy Heart*, by Polly MacManus are being rehearsed.

A contest will be held in the school auditorium Wednesday night, November 10, at 7 o'clock, at which time all plays will be produced and judged. The best will be presented before the Guild.

### PHI SIG PLEDGE DANCE WILL BE HELD DEC. 15

The Phi Sigma Phi fraternity held their last meeting at the home of Robert Race, president of the chapter. Plans for the pledge dance were discussed and the date definitely set for December 15.

## Council Tables Idea To Stage Gala Day Show

### Would Use Money To Finance Student Activities

#### TO STUDY MOTION

The Student Council postponed taking any definite action on a motion introduced by Woodrow Tietz, president of the council, which would permit the council to handle all financial arrangements in regard to the Gala Day show held in May each year.

Tietz explained that the idea was not his own but had been suggested by several faculty members as a means of obtaining money for the council to finance its various activities throughout the year.

#### No Official Representatives

The Student Council recently investigated and found the administration opposed to the council securing a portion of the present one dollar incidental fee or having a student activities tax introduced at Municipal university.

No official representatives were sent to the public works board meeting at Fremont yesterday which is studying the regents' request to borrow 800 thousand dollars for new buildings, as five council members are going as representatives of other organizations.

## Nebraska Teachers Hear Four Omaha University Speakers

Four members of the Municipal University faculty addressed the Nebraska State Teachers' Association district convention held in Omaha October 26 and 27.

Dr. T. Earl Sullenger, Head of the Department of Sociology, spoke Thursday before the Physical Education section on "Over Leisure vs. Over Work."

Dr. Claude W. Stimson, Head of the Department of Economics, made an address before the Commercial section on "The World Monetary and Economic Conference" Friday afternoon.

#### Earl Is Head

Also on Friday afternoon, the Geography and History section heard Dr. Wilfred Payne, Professor of Philosophy, speak on "The New Approach to a Liberal Education."

Dr. V. Royce West, acting Head of the German Department, spoke on "Methods and Objectives of Foreign Language" Friday afternoon.

Dr. J. M. Earl, Head of the Department of Mathematics, is president of the mathematics section of the Association.

## Phi Delta Pledges Paddled By Actives

Phi Delta Psi sorority met at the Blackstone Hotel, Monday, October 30. Pledges were paddled according to the number of misdemeanors of which they were found guilty.

A steak fry at the Elkhorn river was held Wednesday, November 1,

## Hold Pledge Dance In Uni. Gym Tonight

The second of eight pledge dances will be held in the gymnasium tonight under the auspices of Theta Phi Delta fraternity. Morty Wells and his orchestra will furnish the music.

Special lighting effects have been planned and arranged by Troy Woerner. Only a limited number of bids have been given out. No stags will be admitted.

## Alpha Pi Epsilon To Seek Admittance In National Fraternity

### Dr. Garlough Talks On Biology And History

"The Relation of Biology to History" was the subject of an address by Dr. Leslie N. Garlough, head of the science department at a meeting of Alpha Pi Epsilon, history fraternity, Tuesday evening, October 31 at the home of George Thatcher, 1010 North Fiftieth Avenue.

Dr. Garlough touched upon the control of disease in Panama and Africa and showed the bearing of the evolution of man upon history. A group discussion followed.

#### Seek National Recognition

Guests present were: Dr. Edgar A. Holt, dean of the arts college; Mrs. Laura Johnson; Miss Mary Parker of Central High school; and Dr. Garlough. Miss Josephine Carroll, '36, was made an associate member. Franklin Doty, '34, was elected treasurer, and Lillian Hill was unanimously chosen vice-president to fill the vacancy caused by the resignation of Pearl Dansky, '34. Refreshments were served after the meeting.

An attempt is being made to unite this fraternity with the national history fraternity, Phi Alpha Theta. Letters of recommendation written by Mrs. Rene Stevens, dean of women, President W. E. Sealock, Dr. W. H. Thompson, dean of men, and Dr. Holt, were read. These letters will be sent to the national governing board of Phi Alpha Theta. A short history of the university fraternity and the scholastic and activity record of its members will be sent.

## Daughter Is Born To The Don McMahaills

Mr. and Mrs. Don R. McMahaill are the parents of a daughter, Betty Ann, born October 14 at Nicholas Senn hospital, Omaha. The baby weighed six and one-half pounds at birth. Mrs. McMahaill before her marriage was Marian Rae, ex '32.

McMahaill was in Big Springs, Neb., when the baby was born. He drove 375 miles to arrive in Omaha at three o'clock in the morning to be with Mrs. McMahaill and the baby.

## Team Three Wins Basketball Title

Team number three won the basketball championship of the ten o'clock men's gym class Monday when they defeated number one by a score of 14 to 1. Scheduled two weeks ago, the playoff was delayed by football rallies, assemblies, and special meetings.

Lee Grossman, assistant physical education director, plans to arrange a game between the champions of the nine and ten o'clock classes.

## Application For Federal Loan In Hands of Board

### Ask U. S. Government To Erect, Lease Buildings

#### TO DECIDE SOON

The regents' application for a 600 thousand dollar loan from the federal government, to finance the proposed Municipal university building project, was placed before the state public works advisory board at Fremont, Nebraska, Thursday afternoon.

"The board's decision is expected within a few days," said President W. E. Sealock of Municipal university who was named by J. E. Davidson, chairman of the board of regents, to present the project.

#### A \$900,000 Project

The application was approved at a meeting of the regents Saturday morning, October 28, by the judiciary committee who, for some time, have studied the legality of the project.

The project as presented to the state public works board, calls for the federal government to erect new buildings, and lease them to the Municipal university. Thirty percent of the contemplated building costs, about 207 thousand dollars, would be given outright by the government. The University would advance approximately 100 thousand dollars to make it a 900 thousand dollar building project.

The University will pay the government 32 thousand dollars a year for a period of thirty-five years to repay the loan. This includes interest and rent. At the end of this time the buildings will belong to the University.

## Prof. Orin Stepanek On Sig Tau Program

Orin Stepanek, professor of comparative literature at the University of Nebraska will speak at the Sigma Tau Delta meeting next Tuesday evening at the Paxton hotel. His subject will be "World Literature."

Musical features of the program will be piano selections by Bernard Pawloski and a group of solos by Dorothy Linsell, contralto. Irene Goosman will be her accompanist.

Professor Stepanek is an outstanding scholar and speaker, according to Mrs. Laura Johnson, English instructor, who was instrumental in getting him to speak to the local group. Mrs. Johnson is a former student of Professor Stepanek.

## Henningsen In Charge Of Phi Delta Dance

The Phi Delta Psi's held their last meeting in the palm room at the Fontenelle Hotel. Plans for the pledge dance, to be held November 17, were discussed. Helen Henningson, president of the pledges, is in charge of the arrangements. Olive Dale Eby was formally pledged, as she was absent when the regular pledging took place.

Dr. Schonenman, Professor of History at Berlin University, Germany, was compelled to cancel all engagements west of Chicago, and for that reason was unable to speak at Assembly Wednesday morning as was scheduled.

## GOOD JUDGMENT

THE board of regents exercised good judgment, we believe, when they voted to apply for federal aid to finance the new buildings project.

They realized that such an opportunity as now presents itself, may never be duplicated. They know that if this opportunity were allowed to slip by, the new buildings the University needs so badly would be delayed several years, and then would cost an additional several hundred thousand dollars.

By furnishing employment to several hundred workers, the project will ease Omaha's charity burden during the winter. The purchase of building materials will stimulate industrial recovery. These two factors alone should convince many persons of the desirability of the project.

\*\*\*

The building proposal entails no extra burden to taxpayers, as some would have us believe. By building now when materials and labor costs are low and the project can be financed on such favorable terms, taxpayers are actually saved several hundred thousand dollars.

Tax funds will account for approximately \$600,000 of the estimated \$900,000 the project will cost. This money today will build a plant that could not be duplicated in more prosperous times for less than twelve or fifteen hundred thousand dollars. The project calls for paying the government \$32,000 a year over a period of thirty-five years. In view of the benefits that will flow from this project it is hard to conceive how it will be an additional hardship on local taxpayers.

\*\*\*

The regents considered the project from every possible angle. They gave it a great deal of study. They are familiar with Omaha's tax burden. If they could have found any way whereby the project would impose an insufferable burden on local taxpayers, they would have been the first to veto it.

One point that has been overlooked by most persons, we believe, is that whether Omaha gets one penny of the public works money or not, the money will be spent. Whether Omaha gets any of the money or not, local taxpayers will pay their share of the huge debt the federal government is accumulating. Why shouldn't we have something to show for our expenditures?

## LESS "DRIVES"

One of the most appealing features of a student activities tax is that it would eliminate the necessity for ticket selling and subscription "drives" that occur several times a year. Like the Community Chest, it would consolidate a number of "drives" into one, to the mutual advantage of all concerned.

No longer would students be plagued by "drives" for year book subscriptions, football tickets, stu-

dent directories, and paying a quarter admission to each basketball game. A student activities tax would eliminate much duplication of effort in addition to better financing these activities at a lower cost per student.

Under present conditions the student who is at all interested in extra-curricular activities pays several times the two dollar fee we suggest. A one dollar incidental fee is levied as the student registers; football tickets cost \$1.25; the student directory a dime, basketball tickets twenty-five cents per game, and there is every possibility that a subscription "drive" for the Omahan will begin soon.

All these activities could well be covered by the two dollar incidental fee we suggest. Some have declared this figure to be a bit low but we are inclined to believe it is sufficient to cover all costs and allow for a small reserve. It could well be distributed in the following manner:

One dollar to the athletic department, fifty cents to The Gateway, thirty-five cents to the Omahan, a nickel for the student directory. The remainder could be set aside for an emergency. As the enrollment increases the amount allotted each activity could be scaled down. Especially is this true of The Gateway and the Omahan.

Raising the present incidental fee to two dollars would work no hardship on students. In fact, it would more evenly distribute the burden and thus make the cost per student less. Students generally favor the idea. There is no worthwhile objection to it. So why not a student activities tax at Municipal university?

## STUDENT FORUM

To the editor:

It is fortunate that the Gateway has been able to secure local "Winchelonian" talent.

It is not my purpose to criticize your Keyhole column nor to lend my poor pen to competition with your columnists, but, suppose you ask Eileen "College Widow" Christensen, erstwhile contemporary of the debonaire "Red" Cunningham, HOW, WHEN, and WHERE she is able to secure so profound and intimate a knowledge of affairs of the heart? It has been said that "Walter" writes from an abundance of personal experience and observation.

"Babbling Brooks" Butler

Budy Tesar, a member of the Nebraska state legislature who has been active in the past to have the new Municipal university campus located in South Omaha, attended the meeting of the regents Saturday morning, October 28 when they voted to apply for a government loan.

Bob Race, '35, attended the Washburn-Omaha football game at Topeka Friday, October 27. He has not missed an Omaha university football game this year, whether at home or on the opponent's field.

Mrs. Laura M. Johnson, instructor in English, is taking a seminar graduate course in the classics on Wednesday afternoons at the University of Nebraska. She is working to obtain a doctor's degree in English.

Herman Walter, last year the editor-in-chief of The Gateway, is now a student in the University of Creighton law school.

Clinton Morrill, a former student here, is this year attending the Modern Institute of Commerce in Omaha, where he is specializing in accounting.

Randolph Claassen, '35, business manager of The Gateway, attended the Nebraska-Oklahoma football game at Lincoln Saturday, October 28.

## A Cappella Choir To Broadcast Over KOIL

The Omaha University A Cappella Choir will broadcast a half hour program over KOIL at 9 o'clock Tuesday night, November 7.

The choir, under the direction of Mrs. Carol M. Pitts, will sing: "O Praise Ye, by Tschalkowski; Music in the Mine, by Dett; Evening on the Sava, a Hungarian folk song; and Hear My Prayer, by Gretchaninov.

Max Altschuler, ex '34, was on the campus Friday, October 27. He is attending Nebraska Medical college at present.

Clyde Clancy, '35, was recently named a lieutenant in the United States reserve army corps. He was active in the R. O. T. C. at Nebraska university previous to his enrolling at Municipal university in 1932.

Henry Medlock, '36, won his first bout in the Golden Gloves boxing tournament by a knockout at Lincoln recently. He is the mid-western A. A. U. lightweight champion, having won the title last year.

Russell Snygg, a graduate student at Municipal university last year, was a catcher on the Russell Sports amateur baseball team last summer. Ben Huff, '33, played center-field for the Russells. Though they did not win the pennant, the Russells won their last eleven games, the longest winning streak of any local amateur team this year.

Alyce and Rose Wear, both ex '35, attended the Wayne-Omaha football game Friday evening, October 20.

Miss Ruth Diamond, former women's gym instructor, is at Columbia university, New York City, where she is studying for a master's degree. She will return to Omaha in February.

## Elissa Landi In Orpheum Feature

Elissa Landi describes herself as "the miraculous survivor of seven bad pictures".

Never until her appearance with Ronald Colman in the dual roles of "The Masquerader" which comes to the Orpheum for the week starting Saturday, November 4, was she given a part that she would have wanted badly enough to ask for it. Miss Landi wanted to be Eve.

The second feature of the week will be Sally Eilers and Norman Foster in Kathleen Norris' sensational story of a girl who tried to marry for money instead of love, "Walls Of Gold."

Thirteen students of C. W. Helmstadter's class in cost accounting visited the Baker Ice Machine Co. Monday morning, October 30.

That many of the evils of the city are caused by noise was pointed out by Dr. Sullenger in an article "The Menace of Noise", which appeared in the Omaha World-Herald recently.

## LIBRARY CIRCULATES 1,600 BOOKS A WEEK

(Continued from page 1)

ing issued by the reserve desk, 140 by the freshman library, and 102 by the general circulation department. Friday was also a busy day, running a close second to Monday.

A record of books that were asked for but could not be supplied was kept by Mrs. W. G. Gaffney and Miss Rowena Anderson, assistant librarians, in charge of general circulation. That it had already been checked out was the most frequent reason why a book could not be supplied, they found. Twenty-eight students asked for books that were out. Thirteen students asked for books that were on reserve. Four books could not be supplied because they were checked out by teachers. Three students asked for books not owned by the library.

Hugh R. Orr, associate professor of English, read some of his own poems during a talk he gave on literature at the Grace Methodist church, Twenty-fifth and E streets, Sunday evening, October 29.

## THRU THE KEYHOLE

Youse gals and youse guys didn't give the Keyholer much dope this week—that is that I can print even though there was the Gamma Dance, Vice Versa Dance, a Theta party, and a Pi O party...Guess it must be the full moon or something but anyhow a certain little gal whose initial is "J" is humored to be embroidering "C" on bath towels...Congratulations.

Girls, Deborah has a secret passion which is not so secret since last week-end...He's tall, dark, and good-looking...Asked Lacy if he had a good time at the Gamma and he said, "So they tell me"...Our old friends, Kozak and Lewis were here last Tuesday...Jonny is off the list for he told me he went the way of all flesh and said "I do" before a minister...

Eighteen Thetas, one Alpha Sig, and three Phi Sigs, "whooped it up" at the Pi O party Monday night....Schliffke says he can really go

for that Shepard gal.....he and about a dozen others.....Phi Delt pledges are learning to take it..... With three dates for the Gamma, Stamm, was satisfied.

I'm fed up on this gag about Elinor Johnson being Bob Johnson's sister .....Bob is popular now that he's got his pin back.....Nice work Esse.....There will be a surprise for everyone at the Theta dance to-night.

The first issue of the Gateway appeared in 1921. Previous to this, the year book had been called the Gateway.

## ALPHA SIGS ON STEAK FRY AT CAMP GIFFORD

The Alpha Sigma Lambda fraternity had a steak fry at Camp Gifford Wednesday evening. Plans have been made for the pledge dance which will be held November 10, at Peony Park with the regular park orchestra playing.

## Ichabods Squash Cardinals By 31-0

**Topeka Powerhouse Too Strong for Omaha; Vogel Stars**

By Bob Race

Before a crowd of 4,500 football fans last Friday at Topeka, Kansas, Washburn defeated the Cardinals 31 to 0. Gene Vogel, fleet Washburn halfback, scored all five touchdowns.

The first quarter was scoreless, but on the fourth play in the second quarter Preston threw a 20 yard pass to Vogel over the Omaha goal. The try for point was good. Three minutes later Vogel broke loose from the Omaha 35 yard line and scampered down to the 1 yard marker. He plunged over on the next play. Vogel scored the third touchdown when he raced around the Card left end. The try for point was incomplete.

In the third quarter Vogel scored two touchdowns, one after a 15 yard sprint around end, and the other by a 6 yard line smash.

Game captain Frank Hummel and Lowell Fouts looked best for Omaha.

## Peru Favored To Trim Cards In Tilt Tonight

**Bobcats Undefeated; Win First Five Games**

It's going to take a smooth-working Cardinal football team to trip Coach Glen Gilkeson's Peru Normal gridders tonight when the two elevens clash in an important Nebraska Intercollegiate conference battle on the Bobcat field.

Peru is now one of the 25 unbeaten and untied teams in the country and the Bobcats are not going to let defeat slip up on them if they can help it. The Gilkeson outfit has downed Marysville (Mo.) Teachers, 20 to 0; Midland college, 13 to 0; Nebraska Wesleyan, 13 to 0; Hastings college, 7 to 6; and Kearney Normal, 13 to 0.

The two teams can be compared only in the Kearney tussle. Hartman's warriors were only able to push across a single touchdown over the Antelopes in the several chances they had. Although Peru drubbed the Kearney gridmen by two counters and an extra point, the Bobcat aggregation can hardly be given more than a slight edge. The game should be a toss-up.

Ossian On Sidelines

Omaha has encountered stiffer competition than have the Bobcats so far this season and past experience should be a great help to the Cardinal pigskin toters. The Cardinals dropped contests to teams of higher caliber, namely DePaul, 19 to 0, and Washburn, 31 to 0. Omaha has a 6 to 6 to somewhat mar its N. I. A. A. championship chances, and a 6 to 0 victory over Kearney Normal.

All Omaha footballers should be ready to go in the Bobcat tilt with the exception of Elmer Ossian, who is still having considerable shoulder trouble. The starting lineup is likely to have Leon Fouts and Bob Elliott, ends; Howard Sorensen and Harold Johnk or Norman Sorensen, tackles; Frank Hummel and Carl Johnson, guards; Lowell Fouts, center; Gene Hoover, quarterback; Larry Hall, Fred Tyler, James Fischer or James Pressley, halfbacks; and Leo Pearey, fullback.

The first issue of the News Letter, quarterly publication of Alpha Kappa Delta, national honorary sociology fraternity, was mailed Saturday, October 28, to all 28 chapters in the United States. Dr. T. Earl Sullenger, head of the Sociology department, is editor of the magazine.

## Peru, Chadron Lead In N. I. A. A. Race

With one victory apiece, Peru and Chadron are in first place in the Nebraska Intercollegiate Athletic Conference.

### N. I. A. A. STANDING

	W.	L.	T.	Pct.	Pts.	Op.
Chadron	1	0	0	1000	21	7
Peru	1	0	0	1000	13	0
Omaha	1	0	1	1000	12	6
Wayne	1	1	1	500	25	27
Kearney	0	3	0	000	0	31

ference.

Peru walloped Kearney 13 to 0 last week while the Chadron Eagles came out of the northwest to crush Wayne 21 to 7. The Omaha Cardinals defeated Kearney 6 to 0 and tied Wayne 6 to 6 earlier in the season.

Howard Wilcox, '35, news editor of the Gateway, who was absent last week will return to school Monday. He underwent a minor operation Friday, October 27.
